SEPTEMBER 2019

## RENAULT TRUCKS OBTAINS THE ECOVADIS “GOLD” CERTIFICATION FOR THE 2ND CONSECUTIVE YEAR

**Renault Trucks has once again obtained the “Gold” certification awarded by the independent body Ecovadis for its Corporate Social Responsibility commitments.**

Renault Trucks has kept its position among the top companies in terms of CSR, obtaining the Ecovadis “Gold” certification for the second consecutive year.

A number of factors contributed to the highest distinction of the independent EcoVadis organisation being awarded to Renault Trucks, including:

- 100% renewable energy powering its industrial and commercial sites in France;
- the introduction of strict rules to eliminate discrimination and harassment;
- intensified actions to raise awareness of anticorruption rules and the protection of employee and customer data;
- the introduction of a supplier conduct code.

EcoVadis analyses the practices of around 45,000 international companies according to 21 indicators divided into four categories, namely the environment, fair working conditions, business ethics and sustainable procurement.
