We can all do something

Global warming is a reality. We are part of the problem, which means that we have a fundamental role to play in solving it. Because we can no longer be satisfied with baby steps, at Renault Trucks we have made commitments to decarbonise our industry and conserve resources.

What is a good move?

A Good Move is something that helps – or inspires us – at Renault Trucks to reach our ambitious goals of reducing CO₂ emissions.

THE GOOD MOVE

Why is this a good move?

All positive change begins with awareness.
