TRUCKS

THE GOOD MOVE

Three R's = circular economy

Regenerate: reconditioning of used trucks to give them more life. Repurpose: transforming used trucks to give them a new purpose. Recycle: recovering parts for recondition and reintroducing them into after-sales.

What is a good move?

A Good Move is something that helps – or inspires us – at Renault Trucks to reach our ambitious goals of reducing CO₂ emissions.

THE GOOD MOVE

Why is this a good move?

1,900 tonnes: The weight of CO₂ emissions avoided in 2022 thanks to remanufacturing of parts.
