185 000 kilometres

This is the highest mileage covered by a Renault Trucks E-Tech truck. It runs for Lidl and belongs to haulier Jacky Perrenot.

Who says you can't do your job electrically?

What is a good move?

A Good Move is something that helps – or inspires us – at Renault Trucks to reach our ambitious goals of reducing CO₂ emissions.

Why is this a good move?

Lidl supermarkets in Paris and the inner suburbs are supplied in the early hours of the morning with no noise and no CO₂ or NO_x emissions in use. And all with total driving comfort!
